**RESPONSE TO NOTIFICATION TO COMPLY WITH REQUIREMENTS FOR
PATENT APPLICATIONS CONTAINING NUCLEOTIDE SEQUENCE
AND/OR AMINO ACID SEQUENCE DISCLOSURES**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, mailed May 31, 2007, attached hereto is a replacement Sequence Listing as well as a copy of the replacement Sequence Listing in computer readable form. Also attached is a copy of the Notice to Comply.

The Notice to Comply asserted that the Sequence Listing as originally filed does not meet the requirements of 37 CFR 1.822 and/or 1.823, primarily because fields <220> to <223> are missing for artificial sequences or are incorrect as indicated on the

Raw Sequence Listing Error Summary. The required missing fields and corrections are hereby included in the replacement Sequence Listing.

Applicants respectfully request that the Specification be amended to include the replacement Sequence Listing. The content of the replacement Sequence Listing and the accompanying computer readable form is the same and no new matter has been added. It is believed that the replacement Sequence Listing satisfies the requirements of 37 CFR 1.821 – 1.825.

It is believed that this submission does not require the payment of any fees. However, if this is incorrect, please charge any deficiency to Deposit Account No. 07-1969.

Respectfully submitted,
/michaelcurtis/

Michael Curtis
